

Chairman Powell, I thought this monopoly issue was resolved a long time ago. My isp serves me just fine. They pay the damned phone company. Next you'll tell me I can't operate a business useing phone lines to make money! Bad idea. Tell the lawyers they can't use the phone to solicite business! I think you should tell these whackos to get the hell out of your office. Do the right thing!!

Ronny Russell,
Out in the country
